

Labuan BN to ensure candidate wins in all 17 stations

LABUAN: The Barisan Nasional (BN) machinery here will work harder to ensure its candidate wins in all 17 polling stations.

Ramsay polling station chief Arman Raymond Tan said the close cooperation and unity among BN component parties would greatly help the BN candidate win with a handsome majority.

Ramsay was among the four polling stations BN lost in the previous election. The other three were Victoria Utara, Sg. Keling and Kerupang.

"We have made our stand for the betterment of the island and smooth implementation of development plans. We will work hard to ensure BN win at all the polling stations," he said after the Abang Man Santai Programme in Ramsay, Monday.

Arman said the victory was based on the 'wind of change' in support of BN, as the incumbent Datuk Rozman Isli has demonstrated his efforts in improving the people's livelihood and the island's economic development.

"The people here understand the direction that Rozman is heading to (island's economic development)," he added. -
